GENERAL SECRETARY.
10 APR. 1941

Sir,

Regarding Grant of increments to the Staff of the Literary Sections of the S.L.N.Charities, Fort, Bangalore City.

Adverting to your letter No.376/Muz.53-40-3 dated 22nd August 1940 calling for detailed proposals regarding the grant of increments to the staff of the Literary Sections of the S.L.N.Charities, Fort, Bangalore City, I have the honour to forward herewith copies of letters Nos. C3.239/40-41 dated 23rd November 1940 and 1st April 1941 together with the connected records received from the Deputy Commissioner, Bangalore District, and to state that the proposals for the grant of increments were first submitted in the year 1938-39 and renewed in the subsequent years. But, the matter was deferred, as it was then found incorrect to commit the Institution to increased recurring expenditure.

2) It is seen from the connected records that the teachers in the Literary Sections of the Charities are well qualified and discharging their work satisfactorily, and seem to be drawing comparatively low pay for several years as compared with those in Government Schools or Municipal High Schools. The Managing Committee have accordingly recommended the grant of certain increments to the members of this Section and I am of opinion that in the circumstances already explained in my letter No.C.58/40-41 dated 19th July 1940, the extension of this concession should not be delayed any longer.

3) According to the proposals of the Special Committee appointed

by the Committee of Management, the excess expenditure in this connection would be Rs.126-8-0 per month or Rs.1,518/- per year. This extra cost has been proposed to be met partly from the savings of about Rs.400/- out of the salary allotment in the sanctioned budget for 1940-41 and partly from the net profit receipts amounting to Rs.1,313/- shown in the same Budget.

4) In the circumstances, I request that sanction of Government may be kindly obtained to the grant of increments from the date of order as resolved by the Committee of Management on 14th March 1941 (copy of resolution enclosed) and recommended by the Deputy Commissioner, the excess expenditure during the current year being met from the savings of about Rs.400/-, necessary provision being made therefor from the next year.

I have the honour to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.

Re. grant of increments to the staff of the literary sections of the S.L.N.Charities, Bangalore City.

With reference to your memo No.C.58/40-41 dated 27th August 1940 forwarding copy of letter No.376/Muz. 53-40-3 dated 23rd August 1940 from the General Secretary to Government to your address, calling certain additional particulars on the above subject, I have the honour to enclose herewith a copy of letter No.252 dated 9th November 1940 received from the Chairman of the above Charities together with its enclosures for your kind perusal. The Chairman has explained in detail the necessity for the sanction of the increments proposed by him now and he thinks that it is very necessary both in the interests of the above staff and institution itself. He has also pointed out the provision to meet this extra cost for the current year.

The discrepancy pointed out in your letter under reply has been explained by him and the correct figures are furnished in the enclosures to his letter referred to above. According to the present proposal the next increase per mensum would be Rs.126-8-0. This may kindly be sanctioned, as already recommended by this office.

Letter No.565/3 dated 14-3-1941 from the Chairman, Committee of Management, S.L.V. Charities, Fort, Bangalore City, to the Deputy Commissioner, Bangalore District.

- - -

With reference to your memo No.C3-239/40-41 dated 16-1-41 re: the discrepancy of Rs.12/- p.m. (Rs.129 - 117) in respect of the acutal cost to the Charities on account of granting increments to the staff of the Literary Sections, I have the honour to state with regret that the excess per month ought to be Rs.5/- and not Rs.3/- as typed against Mr. J. Krishnaswamy (No.12 Flag R). This leaves a balance of Rs.10/- to be explained. By a reference to No.3 Flag R, it may be seen that Mr. A.R. Anantanarayan was given an increment of Rs.10/- from Rs.40/- to Rs.50/- in an existing vacancy without any extra cost being incurred. This Rs.10/- ought to be deducted from Rs.129/-. This leaves a balance of Rs.119/- which includes Rs.2/- as shown above.

Further, the proposals contained in my letter cited above were placed before the new Committee of Management which met on 25-1-41 and it was resolved that the question be referred to a Special Committee to examine the proposals in the light of the recent Inspection Reports of the High, Middle and Primary Sections of the Institution. The Special Committee went into the question in detail and submitted their recommendations (Copy enclosed) to the Committee of Management in their Meetings dated 1b-2-41 and 8-3-41. In their Resolution (copy enclosed) at the meeting dated 8-3-41 it was resolved that the records be submitted to Government for favourable orders.

The proposals as accepted by the Committee of Management carry a total monthly cost of Rs.126-8-0 (Vide items 13 Flag) reduced to Rs.2/-; item No.19 Flag A given an increment of Rs.3/- [illegible] Flag I given an increment of Rs.2/-; item 10 Flag [illegible] increment of Rs.5/-; item 18 Flag [illegible] reduced by Re.1/-) [illegible] 1940-41 instead of Rs.119/- as stated above.

In view of the fact that the [illegible] Director of Public Instruction [illegible] dated 6th February 1941 [illegible] to improve the pay and prospects of the [illegible] of experienced graduates by the addition of [illegible] increments unanimously recommended by the Committee [illegible]

The actual cost of giving effect to the increments proposed by this Special Committee will be (Rs.126-8-0 X 12) Rs.1518. The Special Committee therefore propose that it is possible to give effect to their recommendations from 1st July 1940 without touching the Reserve of Rs. Rs.3389 provided in the Budget for 1940-41. These recommendations are made taking into consideration the financial position as well as remarks made in the Memo No.L.3037-72 of 40-41 of the Director of Public Instruction dated 5th February 1941 which contains the following:-

"General : The general level of work is satisfactory. In the interest of efficient working of the Institution, it is desirable to improve the pay and prospects of the staff and to introdice the Aided School Provident Fund Scheme".

With reference to your letter No.C3-239/40-41 dated 13th September 1940 forwarding copy of letter No.376 Muz. 53-40-3 dated 22-8-40 from Government calling for details in re. to the individual teachers on the staff of the literary sections with reference to the increments proposed for them, I have the honour toenclose herein for the information and orders of Government a complete statement showing all the details of service, qualifications etc., on the basis of which the increments have been proposed.

In this connection, it may be stated that these increments have long been overdue and in 1938-39, 39-40 and 40-41 recommendations have been submitted to Government in re. to the gram of increments which, however, have not been sanctioned with the result that the staff have stagnated on what cannot but be considered as a very inadequate pay taking into account the efficient work of the staff as judged from the bright results of public examinations year after year and the reports of inspecting Officers. The discontent prevailing has also been observed by Government in their order No.E. 4332-3 Edn. 11-36-40 dated 26-6-37 in the sanction of a grant to this Institution.

Apart from the recommendations pointed out, I quote below the opinion of the Deputy Director of Public Instruction who has spoken well of the work and efficiency of the staff. "The general level of work is quite satisfactory. It is observed that the teachers have been drawing comparatively low scales of salary and stagnating on their present pay for several years. This has created a certain degree of discontent among

them which, if allowed to continue, will react unfavourably upon the quality of their work. It is greatly to be wished that the management will find their way to improve the pay and prospects of the teachers who are generally well qualified and are doing their work efficiently."

The scale of pay at present mentioned in the statement will also reveal the fact that it compares very unfavourably with what obtains in Government schools or even in municipal high schools where the scales are lower than those in Government schools. It will also be kindly seen that the increments that have been proposed are so fixed as to be consistent with both economy and efficiency and lower in total cost than those proposed for the years 1938-39 and 1939-40. With the grant of these increments, I have every hope that the Institution will continue to maintain its efficiency and fulfil the cherished objects of the Donor and the Government.

As regards the financial aspect of the proposals the enclosed will show that Rs.29/- have to be distributed monthly to meet the increments recommended with an annual expenditure of Rs.1548/-. It may be submitted that as per G.O. No. 373-3 Edn. dt. 23-10-2 a sum, therefore, 22-8-40 for this to the budget, the new [illegible] Rs.1313/-. [illegible] increments could involve [illegible] (10[illegible] Rs.23/- over and [illegible] Rs.235/- [illegible] Rs. 50/- [illegible].

I may [illegible], in connection, to the [illegible] covered [illegible] Rs.[illegible] to the [illegible] [illegible] [illegible]

In this case, sanction of these increments would leave a saving of Rs.400/- (1313-912) out of the anticipated net receipts of Rs.1313/-. If, however, Government should be pleased to enhance this grant as a special case in view of the magnitude and efficiency of the Institution there would not be the need to draw upon either the net receipt of Rs.1313/- or the reserve.

In these circumstances, I request the favour of Government viewing with sympathy the case of the teachers of this Institution and sanction the increments proposed in my letter No.712 dated 3rd June 1940.

It may be submitted that as per G.O.No. 373-B Mus. 33-40-2 dated, Bangalore, 22-8-40 relating to the Budget, the net receipts are shown as amounting to Rs.1313/-. The sanction of those increments would involve an excess expenditure of (1548-1313) Rs.235/- over and above the net receipts, the excess of Rs.235/- being met from the reserve of Rs.5,089/- for 40-41.

I may may, in this connection, submit that Government in the year 1937 sanctioned a grant of Rs.63/- p.m. to the high school section which could not be drawn as the grades of pay to teachers could not be given effect to. If Government should be pleased to allow the same grant to be drawn the extra amount required to meet the proposed increment would come to (129-63) Rs.76/- or Rs.912/- per year.

In this case, sanction of these increments would leave a saving of Rs.400/- (1313-912) out of the increments net receipts of Rs.1313/-. If, however, Government should be pleased to enhance this grant as a special case in view of the magnitude and efficiency of the Institution there would not be the need to draw upon either the net receipt of Rs.1313/- or the reserve.

In these circumstances, I request the favour of Government viewing with sympathy the case of the teachers of this Institution and sanction the increments proposed in my letter No.712 dated 3rd June 1940.

ORDER No. 2794-7—MUZ. 355-40-2, DATED BANGALORE, THE 16TH MAY 1941.

The question of granting increments to the staff of the Literary Section of the Sri Lakshminarasimha Charities, Bangalore City, has been under consideration for some time past. The teachers in these sections are reported to be well qualified and to be discharging their work satisfactorily, while they are drawing comparatively low pay for several years as compared with those in Government Schools or Municipal High Schools. The Managing Committee of the Institution have accordingly recommended the grant of increments to them, involving an extra cost of Rs. 1,518 per annum and the Muzrai Commissioner has requested sanction to the same with effect from the date of order. Government are pleased to sanction the proposals with slight modifications as detailed in the appendix involving an extra cost of Rs. 1,226 per annum.

2. The extra cost during the current year will be met from the savings of about Rs. 400 out of the salary allotment in the sanctioned budget of the Institution for 1940-41. Necessary provision therefor will be made in the budget estimates of the Institution for 1941-42 and onwards.
